Kureelpa and Dulong Community Hall
Sunshine Coast Hinterland

"The big thing to remember is that I was never on any expedition or venture, alone".

We have been lying here gazing back at the men of old. They stand like beacons to show us the way, to give us inspiration and patience and hope. I find myself wondering if I am worthy to carry the frayed banner they have passed to us. Theirs is the past, ours is the future, how will we show in a hundred - or even fifty or twenty years - one thing is sure those giants of old shall never be eclipsed.
